SUMMARY

Fresher Full Stack Developer (MERN) with internship experience at HCL Technologies and Cognifyz Technology, building production-deployed web applications using React.js, Node.js, Express.js, and MongoDB. Skilled in REST API development, component-based UI design, and end-to-end MERN stack delivery.

TECHNICAL SKILLS

Core Programming: JavaScript (ES6+), Python (Basic), C++ (Foundational)

Frontend: React.js, HTML5, CSS3, Responsive Web Design, Component-Based Architecture, API Integration

Backend: Node.js, Express.js, REST API Design, JWT Authentication, Middleware, CRUD Operations

Databases: MongoDB, MongoDB Atlas, Mongoose

Tools & Deployment: Git, GitHub, Version Control, Postman, Netlify, Render, VS Code

CS Fundamentals: Data Structures & Algorithms (Basic), OOP, Agile Methodologies, SDLC

EXPERIENCE

Software Development Intern

Feb 2026 – Apr 2026

HCL Technologies

- Built React.js frontend for Risk Sentinel, an AI-powered Banking Risk Q&A system, integrating Python-based AI APIs
- Delivered dynamic risk assessment UI (Risk Level, Score, Regulatory References) in a 3-member agile team

Full Stack Development Intern

Dec 2025 – Jan 2026

Cognifyz Technology

- Developed full-stack MERN features with React.js component architecture and Node.js + Express.js REST APIs
- Implemented MongoDB data models and CRUD operations; delivered API integration and responsive UI assignments

PROJECTS

AgroVision – Smart Agriculture Management Platform

| *React.js, Node.js, Express.js, MongoDB, REST APIs, OpenWeatherMap API, Netlify, Render*
<https://agrovision-frontend.netlify.app>

- Developed 10+ RESTful API endpoints managing 100+ crop records in MongoDB Atlas with optimized query performance
- Integrated OpenWeatherMap API for real-time weather data; deployed full-stack app on Netlify + Render

Risk Sentinel – Banking Risk Policy Intelligence System

| *React.js, Python, REST APIs, LLM Integration, GitHub*
<https://banking-risk-analysis.netlify.app>

- Developed React.js frontend for an AI-powered banking risk Q&A system with dynamic risk scores, severity levels, and regulatory compliance references
- Handled async API integration, conditional UI rendering by risk severity, and responsive layout across devices

EDUCATION

Medi-Caps University

Aug 2022 – May 2026

B.Tech. in Computer Science & Engineering

Indore, India

CGPA: 7.09

ST. Stephen's Convent School

May 2022

Higher Secondary Education (Class XII)

Chhanera, India

Percentage: 83.2%
